Make the Match

1. What features do all five giant tortoises have in common?
(Look carefully. Don't be afraid to write down details that seem obvious.)
2. Compare the diets of the five tortoises.
3. Which of these tortoises have saddleback shells? How does this shell shape help the tortoise survive?
4. Which of these tortoises have domed shells? How does this shell shape help the tortoise survive?
5. Why do the giant tortoises on each island have different features?
