

A CliffordTM Craft

Leaf People

What you'll need:

Real leaves (new, old, any size or shape)

glue

poster board

marker

Collect leaves from outside. These are going to be the bodies of your Leaf People. Glue them on your poster board then decide whom each leaf is going to be. Your leaves might represent your family or friends. You could even have a leaf for Clifford! Use your marker to draw the head, arms, and legs around each leaf. Draw big and don't forget shoes, wild hair, purses, or hats! Write the name of each Leaf Person under your finished design. Be sure to date and sign your work of art. What leafy fun!
