Student Name: _____

There are so many exciting places that you can explore, but you'll need to keep your math skills sharp so you don't end up in the wrong place at the wrong time! Use the train timetables below to answer these problems.

1. It's Saturday and you're headed from San Diego to Anaheim! You'll get to the train station in San Diego at 10:00 A.M.

a) What number train do you have to catch?

b) What time does this train depart, and when does it arrive?

c) What is the duration of the trip?

d) You have to be home by 8:00 P.M. What time does the train that will get you back to San Diego leave from Anaheim?

2. Your older brother works in Oceanside Mondays through Fridays. You have a day off from school, and you are traveling from San Diego to visit him.

a) Your brother will meet you at the station at 10:18 A.M. What number train will you take?

b) Are the San Diego and Oceanside stations accessible to people using wheelchairs?

c) You have to be home by 7:00 P.M. What number train will you take?

d) If your parents arrive at the station at 6:52 P.M. to pick you up, how long will they wait?
