

Student Name: \_\_\_\_\_

## Growing with Words

### PART 1

Starting with one word you can discover new words! In the circles below, write down three different words that are related to the word *healthy*. For example, eating *vegetables* helps you stay *healthy*, so you could write down the word *vegetable*.

### PART 2

Write three sentences that use the three new words you wrote above. For example, if you wrote the word *vegetable*, you could write: "Eating vegetables helps make me healthy."
