

Research Worksheet

Your Mission: Organize your research report.

Writing

Reading

Write your reports in small stages:

1. Use the research grid to create an outline and organize the questions your report will answer.
2. Take notes on your topic from a variety of sources in the grid.
3. Expand your outline from the grid into a format that includes an introduction, a body paragraph, and a conclusion.
4. Write your bibliography using The Best Bibliography worksheet as a guide.
5. Proofread and revise your paper.
6. Write or type a final draft.
7. Present your findings!
