

Itcher's Tube Tiger

What You'll Need:

1 Toilet paper tube

or a Paper Towel Tube cut in half

Scissors

Markers or Crayons

1 Make 3 small cuts in the bottom of your tube about three fingers apart.

Ask an adult to help you cut anything difficult.

2 Fold up the two flaps to form your tiger's feet

3 Cut out a few triangle shapes to form claws.

4 Turn your tube around and cut off the extra piece behind the feet.

5 Cut this piece in half to make your tiger's arms.

6 Cut a piece out of the front of your tube to make the head.

7 Cut 2 small slits behind the ears.

8 Round the end of this piece to make your tail.

Turn your tube around and cut off the extra piece behind the ears.

9 Cut a small slit in the back and insert your tail!

10 Make the slits behind the ears longer for arms.

11 Insert your arms!

12 Use markers, crayons or paints to decorate. Draw a face and stripes.

YOU'VE GOT A TUBE TIGER! GRRRRRR!
