Apples Grow on Trees

ISSN 0024-1261 • VOL. 44, NO. 1

My name _____

Watch an Apple Grow

1

A pink blossom blooms on an apple tree.

2

A small apple is called a fruitlet.

The petals fall off of the blossom. A small, green apple grows.

3

The small, green apple grows bigger and bigger.

4

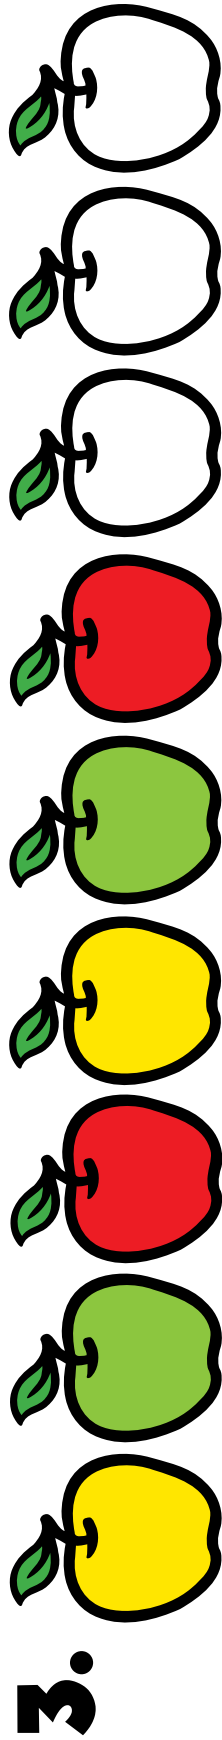

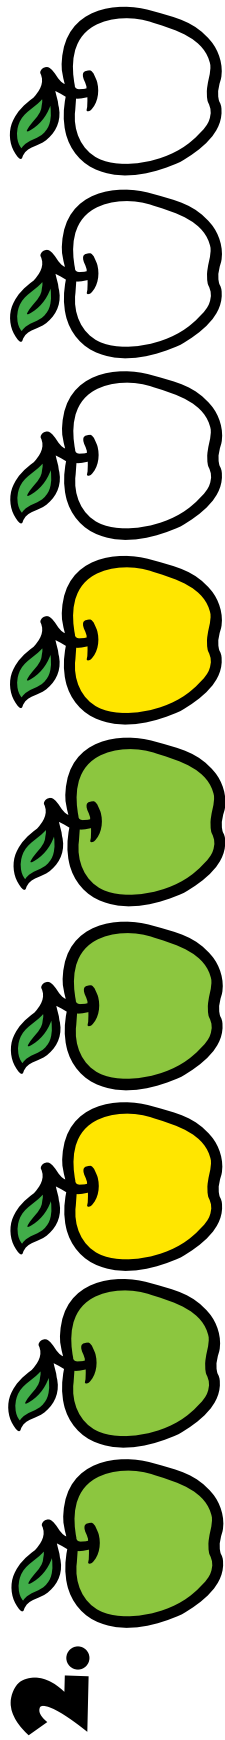

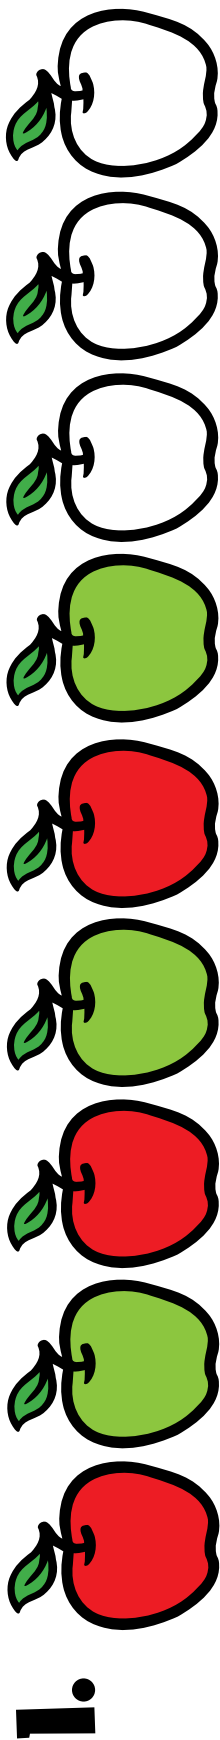

The apple is all grown. Some apples stay green. This apple turned red!

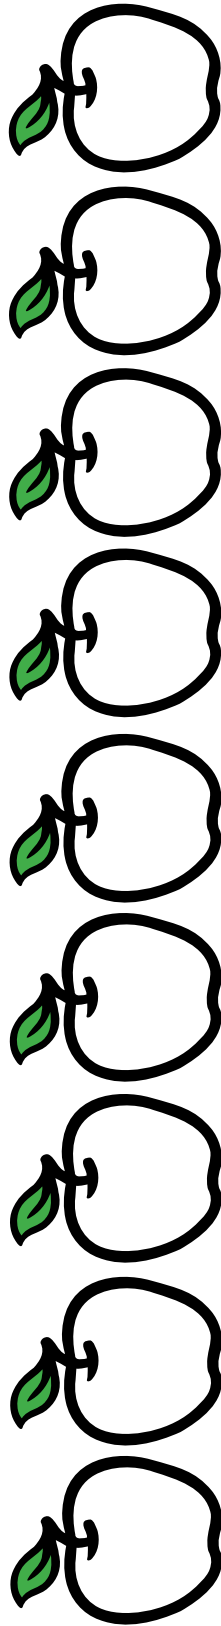

Your Turn

Color the blank apples to complete the patterns.

4. Draw your own pattern here.

FOR FAMILIES

Help your child look for patterns on "everyday" things like shirts and socks.

PARA LA FAMILIA

Anime a su niño/niña a buscar patrones en las cosas de la vida cotidiana, como por ejemplo, las camisas y las medias.
