Juanes's New CD!

Juanes has a new CD coming out. And he wants YOU to design the cover!

Project: Design a CD cover for Juanes's next album.

Procedure**1. Reread.**

What do you know about Juanes? Reread the article on page 10 of your *rBook*. Jot down the answers to these questions:

- What is happening in Juanes's country?
- What does he write songs about?
- What does he do for the people in his country?

2. Pick a title.

Think about your answers to the questions above. Pick a word or a *phrase* (group of words) that you think shows something that is important to Juanes. Remember, a CD title should send a message, but it should also be catchy.

3. Pick a picture.

What photo or illustration would go with the title you've chosen? Sketch your idea or find photos you can cut out and use.

4. Draw the cover.

On a blank piece of paper, draw a square that is about the size of a CD cover (five inches by five inches). Write the title and add the picture in the square. Does the title go above or below the picture? Don't forget to include Juanes's name!
