America's premier reading intervention program.

READ 180[®] Enterprise Edition

READ 180 is an intensive reading intervention program proven to meet the needs of students whose reading achievement is below the proficient level. The program directly addresses individual needs through adaptive and instructional software, high-interest literature, and direct instruction in reading, writing, and vocabulary skills. Scholastic offers three stages of **READ 180**, one each for upper elementary, middle school, and high school.

Research-based instructional model

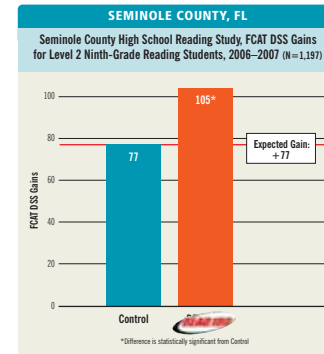

Proven effective.
10 years. 50 states. 14,000 classrooms.

Also ideal for
English Language Learners

Endorsed by
C.A.S.E.
for use with
Special Education Students

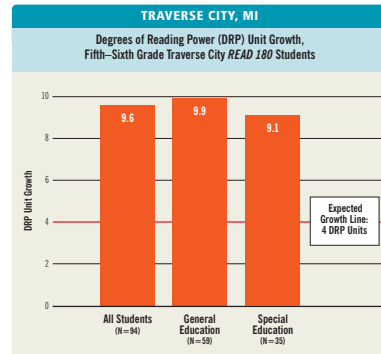

READ 180 is currently in use in more than 14,000 classrooms nationwide, and is one of the most thoroughly researched and documented reading intervention programs available today. After over a decade of research in association with Vanderbilt University and usage in schools, **READ 180** is producing quantifiable gains in reading achievement.

READ 180 Level 2 students achieved the highest and statistically significant mean gain of 105 FCAT DSS points, compared to the gains of a control group and two other reading interventions participating in the study.

*Pending approval from the NYC Department of Education.

On the DRP test, all **READ 180** students in grades 5 and 6 achieved a mean gain of 9.6 DRP units, or over 200% of expected growth.
