Scholastic reserves the right to cancel sessions that do not have the minimum number of participants. In the event of a cancellation, Scholastic will inform all who have registered. To request directions to 557 Broadway via public transportation, email Chris McGann at cmcgann@scholastic.com. We look forward to seeing you and your colleague.

Created by Marilyn Burns along with a team of Math Solutions master classroom teachers, *Do The Math* gives students who have fallen behind a chance to catch up and keep up. Focusing on Number and Operations, the cornerstone of elementary mathematics, the program teaches students the basics of math—computation, number sense, and problem solving.

Do The Math helps students develop the skills they need to compute with accuracy and efficiency, the number sense they need to reason, and the ability to apply their skills and reasoning to solve problems. Correlated to New York State Standards, teachers can feel confident that students are learning the skills they need to be successful on standardized tests and in higher level math.
