### System Configurations:

If you have Macintosh and Windows client computers, use **Windows 2000/2003** server software.

If you have only Windows client computers, use **Windows 2000/2003** server software.

If you have only Macintosh client computers, use **Windows 2000/2003** or **Mac OS X 10.2, 10.3, 10.4** server software.

**Note:** A Macintosh server configuration supports only Macintosh clients.
