# Mission to Mars

President George W. Bush would like to land astronauts on Mars by the year 2020. It's a good thing NASA has been studying Mars for more than 30 years! Choose a Mars mission from the box below. Research the mission using this Special Report (go to the Technology section) and other sources. Use what you learn to complete one or more Mars Mission Cards.

## Mars Missions:

Endeavor

Mariner 9

Sojourner

Spirit

Viking I and II
