# Earth Day Number Stories

Solve these number stories. Show your work and circle your answer.

**1** Justin recycled 6 bottles and 3 newspapers. How many things did he recycle in all?

**2** Lori planted 8 trees on Earth Day. Jim planted 3 trees on Earth Day. How many trees did Lori and Jim plant altogether?

**3** **Jake** saw 10 pieces of litter on the ground. He picked up 5 pieces and put them in the garbage. How many pieces were left on the ground?

**4** **Rachel** brought in 2 pairs of sneakers to recycle. How many sneakers did she bring? (Hint: one pair equals 2 sneakers)
