Dear Jessica,

I am having a good time hear in chicago, Illinois. Today, my family went to the Willis Tower? It is the tallest building in the hole country. It used to be called the sears Tower.

We took the elevator all the way two the 103rd floor. then, we went out on the Balcony and looked down at the city. The people on the street looked like tiny aunts. The cars looked smaller than postage stamps? After our visit to the tower, we had deep-dish pizza for Lunch. It was grate!

Your friend,
Lizzie
