Dear mr. President,

Congratulations on winning the election! I hope that You do a good job. If you do, you might even get elected to a second term. i am writing to remind you of your promise too help clean up the environment? I am in third grade and we are studying Earth. we have been reading about rivers, ponds, and Oceans. Did you know that hour trash gets into those places and hurts the animals that live in them. I think that people need to be more responsible for there garbage. I hope that you sign Laws that will help get more people to clean up our planet.

Sincerely,

Jack
