# Think It Through

Use the stories in this week's issue of *Scholastic News* to answer the questions below. Write your answers on the lines provided.

1. Do you think *Titanoboa cerrejonensis* would be able to live in our world today? Explain your answer.

---

---

---

2. New York City schools have become the first to make double Dutch into an official high school sport. Name an activity you would like to see become a school sport. Explain why the activity you choose would be a good school sport.

---

---

3. In his book *Show Me the Money*, Alvin Hall gives kids advice for managing and saving money. Why is it important to save? What can you do to manage or save your money?

---

---

---

4. Spending money doesn't always bring happiness. What are some things that make you happy but don't cost any money?

---

---

---

5. Knowing the difference between needs and wants is important when you are trying to manage your money. Give an example of each. Explain how each is a want or a need.
