# Think It Through

Use the stories in this week's issue of *Scholastic News* to answer the questions below. Write your answers on the lines provided.

1. Many U.S. Presidents have had family pets. What kind of animal do you think would make a great White House pet? Explain your answer.

---

---

2. What are some ways in which the United States and other countries could deal with the piracy problem?

---

---

3. The Tata Nano is innovative because it's both tiny and affordable. If you were designing a new type of car, what would be its most important features?

---

---

4. Of the five big issues in this week's cover story (the economy, environment and energy, education, health care, and the wars in Iraq and Afghanistan), which do you believe is the most important? Explain.

---

---

5. President Obama has been in office for more than 100 days. How do you think he's doing as our President? Explain.

---

---
