Think It Through

Use the stories in this week's issue of *Scholastic News* to answer the questions below. Write your answers on the lines provided.

1. Astronomers are scientists who work to understand our solar system better. Do you like science? Why or why not?

2. Creating sculptures out of gourds in the fall is a German tradition. What are some of your favorite seasonal traditions?

3. Helen Keller is an inspiration to many people around the world. Who is one of your role models? Why?

4. First Lady Michelle Obama is encouraging Americans to grow their own gardens and eat healthier foods. What are some other ways we can stay healthy?

5. Why do wildlife experts believe that species found in the Greater Mekong region are threatened?
