# Presidential Kids

**Directions:** Research a former U.S. President, and create his family tree. Put the name of the President and the First Lady in the box at the top of the organizer. Then, use the space provided to write the names of each of the President's children. (If you need more space, use your own paper.) Below each child's name, write four facts about him or her from the following list: nickname, birthplace, birthday, hobby, school, likes, dislikes, profession, or trivia.

The graphic organizer is a family tree diagram. At the top is a large rectangular box divided into two horizontal sections. The top section is labeled "PRESIDENT" and the bottom section is labeled "FIRST LADY". Two vertical lines extend downwards from the bottom corners of this top box. These lines connect to two separate boxes, one on the left and one on the right. Each of these boxes is also divided into two horizontal sections. The top section of each box is labeled "(NAME)" and the bottom section contains four horizontal lines for writing facts.
