

Name: _____ Date: _____

Energetic Movers

1. Do Steps 1 and 2 of the Task Card. Do the Energetic Movers have kinetic energy?

2. Are they in a state of high or low potential energy?

3. Do Step 3 of the Task Card. Record your observations below.

	How did you give it potential energy?	What happened when the potential energy turned to kinetic energy?
Springing Snake		
Zippering Z		
Rubber Bounders
