## Where Books Come Alive

**R**ecommended by teachers and librarians for beginning or struggling readers and for children learning English-as-a-second language, the audio packages presented in this catalog make learning to read fun!

While listening to practiced orators, children acquire skills of fluency, vocabulary acquisition and practice in listening comprehension. Page-turning signals on Side One/Track One of these word-for-word recordings allow beginning readers to actively participate while Side Two/Track Two offers the story read without interruption for listening only or as a read-along for more advanced readers.

Turn your children into lifelong book lovers today through the adventure of listening!

\* See Order Form for details.

“Audiobooks are useful resources for learning to read. Beginning readers and emergent readers can use them to improve vocabulary, enhance comprehension, and improve reading fluency. English-as-second-language (ESL) students can use them in learning the new language by imitating correct pronunciation, intonation and inflection.”

– School Library Media Activities Monthly, Improving Reading Skills through Audiobooks by Shu-Hsien L. Chen

“Audiobooks model fluid phrasing and cadence, assisting with comprehension based on fluent, not word-by-word reading.”

– 10 Reasons Kids Learn with Audiobooks, 1998

“Research indicates that listening to books on tape can have a positive impact on reading skills. One study found that when linguistically diverse first graders (both native English and ESL speakers) took home books on tape, they made significant gains in reading (Koshinen, Blum, Bisson, Phillips, Creamer & Baker, 2000) ”

### INNOVATION & IMAGINATION The Story of Weston Woods

by John Cech

An informative pictorial tribute to the leading force in films for children – Weston Woods Studios and its founder, Mort Schindel.

For more than half a century, Weston Woods has been regarded as the leading creative force in the production of films for children. The list of the authors and artists whose works have been transformed from books into films by the studio includes the most significant figures in children's literature -- from Robert McCloskey, William Steig, and Maurice Sendak to Margaret Mahy, Simms Taback, Rosemary Wells, and Mo Willems.

In this lush, non-fiction volume – rich with archival photographs, animation cels, historical references, and first-person accounts -- readers get a personal, behind-the-scenes look at the man and creative empire who have garnered nearly every award for distinguished productions in the field of children's media.

### ANTARCTIC ANTICS

by Judy Sierra, ill. by Jose Aruego

& Ariane Dewey

Musical score by **Scotty Huff**

& **Robert Reynolds**

Additional voices by **Diana Canova** & **Raul Malo**

Ages 4-8

A celebration of the magnificent Antarctic penguin, through song and verse.

“This recorded book belongs in every school and public library. Besides being a great introduction to penguins and Antarctica for the younger students, it's one that can be enjoyed by all ages.” — Lorgette

“... these extravagant rhymes and goofball lyrics, and the dead on parodies of Broadway show tunes, the Beach Boys, and We-Are-the-World-style choral anthems (including a terrific Bob Dylan imitation) are... (a) pleasure that tickles the fancy, and never fails to lift the spirits.” — AudioFile

Music by **Scotty Huff**

With a house like Jack's, it's no wonder everyone who lives there is unique.

“The listening experience alone is delightful. The combination of sound effects, klezmer-like music, repetition of the text and **Mandy Patinkin's** interpretation is engaging.” — AudioFile

“**Mandy Patinkin** read(s) the text... with energy and emotion... a classic treatment of a terrific book and merits a place in all libraries serving children.” — School Library Journal
