

LookBack/LookAhead Math

Name: _____ Date: _____

Do I always ask myself the following questions when working on math problems?

- ☐ What is this problem asking me to find?
- ☐ What operation is required?
- ☐ What strategy should I use?
- ☐ Is there a different strategy I could use?
- ☐ What steps should I follow?
- ☐ How can I check to see if my answer is reasonable?
- ☐ How can I check to see if my answer is correct?
