

Keep-It-Brief! Summary for Science

Name: _____ Date: _____

Concept: _____

Questions Raised About the Phenomena
(prior to the investigation):

Description/Overview/Summary of the Concept:

Key Vocabulary Terms/Definitions/Examples:

Visual Representation of the Experiment/
Demonstration:

Explain in words what you have discovered/
conclusions you have drawn: causes/effects—
sequence—cycles/patterns—problem/solution, etc.

Where does this phenomenon exist/occur in
the real world? Give at least two examples.
