

Name: _____

Standing Out

1. Look at the picture of the baby bird below. Imagine it lives in the habitat your teacher showed you. Does this white bird stand out or blend in?

2. Do Steps 2–4 of the Task Card. Is your baby bird easy or hard to see?

3. What if you don't want the baby bird to stand out? How could you **camouflage** (blend in) your baby bird so it can hide instead?
