

Make a Bee

Make this bee out of pipe cleaners. Then use it with Task Card 1 ('Bee'-have Like a Bee).

Materials

- ★ long pipe cleaner (yellow or other light color)
- ★ pencil
- ★ 2 half pipe cleaners (dark color)

1. Wrap the long pipe cleaner around one end of a pencil, as shown. Wrap it around two or three times to make a plump bee body.

2. To make stripes, wrap a short pipe cleaner around the body.

3. Carefully slide the pipe-cleaner bee off the pencil.
4. To make a handle for the bee, poke a short pipe cleaner into the top of the bee, as shown. Gently press the bee around it.
