# Cave Maker

1. Do Steps 1 and 2 of the Task Card. **Predict:** What do you think will happen if you drip 100 drops of water onto your "rocks"?

---

2. Do Step 4 of the Task Card. Record what you notice.

## What I noticed about my rocks

after 20 drops

after 40 drops

after 60 drops

after 80 drops

after 100 drops

3. How is your model like a cave? How is it different?

---
